ELNESS-LIKNES

A quite wedding took place
yesterday afternoon when Ida
Cornelia, second daughter of
Mr. and Mrs. J. D. Liknes, was
united in marriage to Theodore
Elness, both of Monitor. Rev.
Wickenden officiated. S. Lan-
ger, cousin of the bride, was
bridesmaid, and Selma Liknes
was groomsman.

The News joins in wishing
the happy couple success in
their new life.

Jack Mathews, the two and a
half year old son of Harry and
Mrs. Mathews, met when a very
painful accident on Wednesday.
He got caught somehow on a
wire fence and one of the barbs
lacerated his face, necessitating
several stitches. The eyeball
was also cut but it is not known
yet whether the sight is des-
troyed or not.

E. Steenland and wife return-
ed from Stavely, Alta., yester-
day, where they spent the win-
ter months.

A heavy pall of smoke has
been hanging over the district,
all week, caused by the forest
fires about 180 miles north.

The local ball team will play
in Consort tomorrow.

BUSY BIDEFORD

It has been an unusually busy week in town for meetings. There was a large attendance of town and country folks to discuss the question of retaining our Doctor in our midst. During his year of practice Dr. Dean Robinson has earned for himself an excellent reputation first as a physician and second as a citizen. By his unflinching courtesy to one and all, irrespective of class, he has endeared himself to the hearts of the people of the district, by his undoubted skill in all kinds of cases he has secured the confidence of the community. We feel he is "Our" doctor, belonging to Bideford, and one of the wisest decisions the townsfolk ever made was when they decided to ask the Dr to stay with us and take charge of the health and hygiene of the district. The next proposition is the local hospital which is a necessity for operations, etc. All depends on the crop prospects, if everyone has good crops many dreams will then come true.

Another well attended meeting was at Mrs. Rexer's when the W. L. met to discuss the program of the Govt lecturer whose itinerary takes in Bideford on June 13. The subject is Home Nursing, with demonstration. Posters, etc., will be distributed later, and it is hoped the ladies from Comper and Kirrie will take advantage of the course and come in to Bideford School-house.

An interesting talk on Gardening was given by the hostess many taking part in the discussion and afterwards viewing the garden which was the admiration of everyone. Mrs. N. D. Robinson handed in her resignation but the ladies unanimously refused to listen. Mrs. N. D. has performed her duties admirably, everyone is quite satisfied with her chairmanship which has shown tact and diplomacy and given to the meetings a spirit of good fellowship and the kind of atmosphere that makes for success. We think the lady will find it difficult to resign, she is evidently the right one in the right place.

We were all sorry to know our teacher had a hurried call home to Edmonton to see her mother who is dangerously ill with heart trouble. Fortunately Miss Grace Inkster was in town on a weekend visit and both girls motored to Macklin to catch the Sunday night train. They were eagerly looking forward to a visit from their mother to Bideford, but instead they were summoned hastily to come to her.

Tennis is now in full swing and the courts nicely laid out. The young folks are busy every evening, after work is done, laying up a store of good health and spirits.

Letter to the Editor

Bideford, May 20.
To the Editor,
Dear Sir,
It would have been much nicer if your Correspondent had last week given you a full statement just why the customer in one of the Stores could not

be waited on, and not try to injure any merchant in Bideford when the merchant was not to blame.

Yours,
Not a Merchant.

Every Farmer
In This District
Should Read The
Nor'-West Farmer

Western Canada's Oldest Farm Paper

If you are already a subscriber you will want to renew your subscription for another year, and if you are not a subscriber to it you ought to be. No farmer in these days of high prices and labor shortage can afford to do anything but his very best. Through a good farm paper you will get ideas worth many times the small subscription price. Each issue of The Nor-West Farmer is full of valuable information that any up-to-date farmer can use to his own direct advantage. It is edited for the whole farm family. If any reader wants information on any subject relating to either their farm problems or anything else The Nor-West Farmer information bureau will get that information for them. Their official veterinarian and legal adviser is at the service of every subscriber, free of all charge. If you have a weed problem, a soil drifting problem, a feed problem, tractor, automobile, or gas engine trouble of any kind, read The Nor-West Farmer, and you will soon get a wealth of ideas from the experience of other farmers who have experienced and solved similar difficulties. The Nor-West Farmer is a "round-table," around which the best farmers of Western Canada meet. Will you be one of them?

Note and Comment

Some times it is like making bricks without straw to get items in a small community where a lack of putting them in the editor's way is often noticeable. The power of the printed word is unlimited and advantages of publicity often given freely by the local paper to village news, is worth so many dollars to its readers. It is also not the local items that are sometimes already familiar to the home reader before publication, that are to be left unrecorded, for the absent ones living away from the home town thus get the village and district news, and form a large number of subscribers scattered all over the country, who take the home paper for this purpose especially.

Blessed are they who expect little for they usually get it.

Why should a woman have two ears and only one tongue, when everyone knows she would rather talk for five hours than listen five minutes.

Speak a good word for your own town and country whenever an opportunity presents itself. More towns die for want of confidence on the part of the business men and public spirit than from rivalry of neighboring towns and adverse surroundings. When a man in search of a home or business location, goes to a town and finds everything brim full of hope and enthusiasm over prospects of the place, and everybody earnestly at work to build up the town, he soon becomes imbued with the same spirit and as a result he drives down his stakes and goes to work with the same interest.

When, however, he goes to a town and everyone expresses doubt and apprehension in the future prospects of the place, musing about and indulging in mourning complaining about imaginable evils which are likely to befall the town, he naturally feels that it is not the place for him and at once shakes the dust from his feet while he pulls with all possible speed for some other town.

Consequently try and make a live, enterprising, progressive town out of the one in which you live, and remember that when you are working for or trying a good word for your town you are accomplishing all

the more for yourself.

Then speak a good word for your town.

Tom Partridge recently had in a sample of the seed oats supplied by the Stewart R. M., and which he had tested for germination. On examination these oats, which were taken from those got by J. Hanson, showed a test of 95% germination.

Something New, Something Helpful: The B-H Color Scheme Adviser

WOULD you like to "see" your house in its new coat of paint, before you paint it? You can. The Brandram-Henderson "Color Scheme Adviser" enables you to try out different color combinations before deciding on the color scheme most pleasing to your eye.

This unique device consists of a transparent outline of a house, behind which you place color cards of every known shade—one color for the walls and another color for the roof. With the transparent sheet, there comes a set of 40 cards each of a different color. First you try a white card on the walls, in combination with a green card for the roof. Then you try a brown card behind the wall section of the transparency, along with a red card for the roof. And so on, until you have exhausted the possibilities of every known color combination. We have one of these "Color Scheme Advisers" and will be pleased to let you experiment with it before you select your

B-H "ENGLISH" PAINT

70% Pure White Lead
(Brandram's Genuine B.H.)
30% Pure White Zinc
100% Pure Paint

for the Spring painting of your house or any other building. Of course you are going to paint this Spring—and equally, of course, you are going to use B-H "English" Paint—the paint with the guarantee behind it.

Our store is the B-H Store—which means that this is paint headquarters. The outstanding reputation of this brand is based on its superior covering capacity and exceptional durability—both of which features we know to be due to the combination of Brandram's Genuine B.H. white lead and pure white zinc, which the makers of B-H "English" Paints maintain in spite of the repeated advances in the cost of these ingredients.
